

Mobile App User Guide

The Brisbane Markets Price Report is designed to give you easy access through a Mobile or Web App to actual weekday wholesale fresh produce trading prices recorded through the Brismark Credit Service. The Mobile App can be used on a mobile phone, iPad or tablet.

Using the mobile App is easy:

1.	Download the Brisbane Markets Price Report App from either the Apple App Store or the Google Play Store.	 You can login with your email address and password if you have an account already registered, or if you have been invited as a sub-user to someone else's account. 	
3.	If you do not already have an account, tap on 'Register by Clicking Here' to register for one.	4. Remember to read the <u>Terms of Service</u> and Copyright Warning when you login. The <u>Pricing Method</u> <u>Disclaimer</u> also explains how prices are calculated for the Report. With Warning Weiner also explains how prices are calculated for the Report. With Warning Weiner also explains how prices are calculated for the Report. With Warning Weiner also explains how prices are calculated for the Report. 7. Select the "All" tab to view all products to which you are subscribed. Select the "Recent" tab to see the recent products you have viewed. The Home screen will display the price for the Most Sales.

9. To view the prices for subscribed varieties associated with a produce line, tap the 'Choose Variety' drop down menu and the product.

11. Up to six months' worth of prices can be viewed on the trend line depending on your subscription level. Tap on the graph and slide your figure along the trend line to view prices for each date.

 Tap the product to view the most recent Low, High, Most Sales, and Average prices, as well as historical price trend graphs. Toggle between the Most Sales and Average prices on the trend line by tapping either 'Most' or 'Average'.

10. To view prices for other pack sizes, tap the 'Select Unit' drop down menu and select the pack size / unit you wish to view.
